

FOREIGN NATIONS TO INFLUENCE HUERTA

Seek to Influence Mexican Government In Support of U. S. Efforts for Peace

IS IN DESPERATE STRAITS

Official Reports Show Huerta Regime to Be In Desperate Financial Straits and Crisis Is Expected Soon

PRESIDENT FINISHES HIS MESSAGE

WASHINGTON, Aug. 23.—Great Britain, France and Japan are among the nations which have interposed their influence upon the Huerta administration in Mexico in support of the efforts of the United States to bring about a peaceful settlement of the revolution.

Unless some tangible overture is received within forty-eight hours from the Huerta officials indicating a desire to accept the fundamental proposals of the United States, the and to the world the attitude of this government against the Southern Republic.

The fact that diplomats from some of the very countries which not only have formally recognized Huerta but whose bankers hitherto have floated loans for him, are using their influence on the Mexican administration is calculated to produce something definite shortly.

Official reports to the state department show the Huerta regime to be in desperate financial straits, with little prospect of getting funds anywhere to meet the running expenses of the government or pay its troops, already restive because of deferred payments.

So important is this aspect of the situation regarded that an air of tense expectancy prevailed tonight in official circles, where it was believed some pronouncement would be forthcoming from Mexico City before President Wilson finally determined to communicate his message to congress.

Only concessions by the Huerta government, it is believed here, now will persuade President Wilson to hold up the presentation of his message.

The president finished the document today, read it over to Secretary Bryan and will discuss it Monday with members of the senate and house committees on foreign relations. In the meantime officials will await word from Mexico City as to a possible change of attitude.

May Dispatch Fresh Troops. With only three American soldiers available for the protection of each mile of the Mexican border and certain knowledge that quantities of arms and ammunition are being smuggled across the line, consideration has been given in military circles to the dispatch of fresh troops.

Although no orders have been issued plans of the army have been fully developed to largely increase the manuver division under General Carter. The augmented force would thus be in position to deploy in strength along the Northern border of Mexico or in case of need, could form the military unit of a successful expeditionary force.

Owing to the considerable number of troops sent to Hakail and the canal zone the detention in China of some military force and the maintenance of an army of about 12,000 men in the Philippines, the total strength of the mobile army remaining in the continental United States is over and above the coast artillery force which must be maintained in their posts is only about 22,000 men. Of these 11,900 are now under General Carter in Texas and to bring the strength of his division up to possible requirements heavy drafts would be laid upon the eastern and western departments probably aggregating 14,000 men.

WILL ATTACK LAW LEGALIZING TOBACCO POOLING ORGANIZATIONS

Fate of Associations as Well as Other Farmers' Organizations Will Come Before Supreme Court In October.

Washington, Aug. 23.—The fate of tobacco pooling organizations as well as other farmers' organizations organized to get better prices will come before the supreme court in October when an attack will be made upon the constitutionality of the Kentucky state law legalizing tobacco pooling organizations. It is also claimed to be in conflict with the Sherman anti-trust law.

The exact status of tobacco pooling organizations has never been before the supreme court. It is said that the decision in the case will apply equally to all farmers' alliances formed to get better prices.

AUTO NOTES.

L. O. Berryman and family of Franklin were visitors at the chalet yesterday. They made the trip in their Lozier automobile.

Edward F. Seymour and family in their Reo car were among the out of town visitors at the chalet yesterday.

Arthur Gustafson of Philadelphia, Cass county, was in the city Saturday. He made the trip on his 2 cylinder Indian motorcycle.

COWBOY PUGILIST DIES FROM BLOW

FIGHTER KNOCKED OUT BY WILLARD NEVER REGAINS CONSCIOUSNESS

"Bull" Young Dies of Injuries Received at Vernon Arena—Twelve Men Are Arrested—Young Was Sparring Partner of McCarty.

LOS ANGELES, Aug. 23.—John W. ("Bull") Young, a cowboy, heavyweight pugilist, died in a hospital here today of injuries received at Vernon arena last night when he was knocked out by Jess Willard. Immediately after his death warrants charging manslaughter were issued against Willard and eleven others connected with the fight, while legislators, clergymen and club women revived the demand for an anti-prize fight bill in California. The operation upon Young's skull to relieve the cerebral hemorrhage which followed the knockout in the eleventh round of his scheduled 20 round fight with Willard, was at first pronounced a success. The pugilist remained in a state of coma from the time he received Willard's right uppercut to the jaw until his death at 9:30 o'clock this morning when surgeons who operated upon him stated that death was due to concussion of the brain.

When Young's death was made known Sheriff Hammel arrested Jess Willard, Thomas J. McCarty and Al Greenwald, promoters; Harry Gilmore, Jr., manager of Young; Tom Jones, manager of Willard; Charles F. Eytan, referee; Albert G. Harder, time keeper; John Davies and Harry Monahan, seconds; James Cameron, colored; Eddie Webster and Charles Anslinger, seconds; for Willard. It was promised by the club attorney, would appear not later than Monday. The nine arrested were arraigned and Aug. 29 set for their preliminary examination.

Willard's bond was fixed at \$5,000 and those of the others at \$1,000 each. The bonds were provided by James J. Jeffries, former heavyweight champion, and John Brink, a cabaret proprietor, and the accused were released.

Was McCarty's Sparring Partner. Arthur Pelkey, opponent of Luther McCarty, who the latter was killed several months ago at Calgary, Alberta, Canada, was so affected by the death of Young, who was his friend, that he called off his fight with Charley Miller, scheduled for the Vernon arena Sept. 23. Young was a sparring partner of McCarty.

Sentiment against prize fights grew rapidly during the day among many classes of citizens.

Dr. A. F. Maisch, autopsy surgeon, conducted a post-mortem examination of the pugilist's body late today and found that the death had been produced by brain hemorrhage. Hardening of the aorta possibly contributed to Young's demise. There were no evidences of spinal trouble.

Noah Young, a brother of the dead pugilist, will take the body to Glen Rock, Wyo., for burial.

INTERNATIONAL ATHLETIC FEDERATION ADJOURNS

Completion of Code of Rules Governing International Contests Is Left to Paris Congress of Next Year.

Berlin, Aug. 23.—The International Athletic Federation adjourned today. The completion of the code of rules for the international competitions was left to the Paris congress to be held in 1914.

The most important achievement of the federation was the formulation of a track and field sports program applicable to the Olympic games.

American delegates today instructed their representative here to find suitable accommodations for the American 1916 Olympic team. What is wanted is a hotel accommodating at least 150 persons located outside of Berlin, but within ten miles of the stadium and convenient to a field suitable for work outs.

Meets Strong Opposition.

Juneau, Alaska, Aug. 23.—The Olympic fund of \$500,000 is not rolling up as fast as the promoters expected. An appeal for this amount, to provide adequately for the British team at the Olympic games in Berlin in 1916, was issued on August 17th. It was signed by Earl Grey, Lord Roberts and many others, but only \$25,000 has been subscribed in the first week. Of this \$10,000 was subscribed by Lord Westcliff, \$5,000 by the Duke of Westminster, while Sir Thomas Lipton and Harry G. Selfridge contributed \$500 each.

The project has met strong opposition. Some of the sharpest thrusts have reference to attempted "Americanization" of sport.

MUST FACE JURY AGAIN.

Kansas City, Aug. 23.—Dr. B. Clark Hyde must face a jury for the fourth time on the charge of murdering Colonel Thomas H. Swope, millionaire philanthropist of this city. This was decided today, when the county court notified the prosecuting attorney that the county would supply the money necessary to pay the expenses of the prosecution. The next trial is set for September 8th.

"We cannot get ready for trial at the fall term," Prosecutor Jacobs said, "but we will have our case well prepared by January."

BANKERS AGREE ON AMENDMENTS

At Close of Chicago Conference Bankers Agreed on Many Changes in Currency Bill

COMMITTEE TO WASHINGTON

A Committee of Seven Is Appointed by Conference to Go to Washington to Urge the Amendments Proposed

BELIEVE BILL WILL BE MODIFIED

CHICAGO, Aug. 23.—Bankers from all parts of the country, at the close of a two days' conference which closed here today, agreed on a number of important amendments to the Owen-Glass currency bill now pending in congress and appointed a committee of seven to go to Washington and endeavor to have the changes incorporated in the measure.

Members of the conference expressed the belief that the administration forces in Washington will be convinced by the arguments they will present and modify the bill so that it will be reasonably satisfactory to the banking and business interests of the country.

The amendments were presented to the conference by a committee on resolutions and were adopted after a long discussion by a unanimous vote. The committee went through the currency bill section by section and recommended more than a score of changes.

On motion of Luther Drake of Omaha the following committee was named by Chairman Hepburn of New York to go to Washington and present the recommendations of the conference to President Wilson, Secretary of the Treasury McAdoo and congress:

James B. Forgan, Chicago, chairman; George W. Reynolds, Chicago; E. J. Hill, Newark, Conn.; R. F. dox, Atlanta; Sol Wexler, New Orleans; Joseph Chapman, Minneapolis; and Festus J. Wade, St. Louis. The committee will go to Washington in a few days to begin its work.

Summary of Changes Asked. A summary of the important changes in the currency bill proposed by the resolutions adopted by the bankers' conference follows:

That there should be established one central federal reserve bank under the new currency and banking plan instead of twelve and if this is found inexpedient, the number should not exceed five with as many branches as may be required in all parts of the country.

That membership in the federal reserve banks be made voluntary instead of compulsory on the part of national banks, the same as provided in the case of state banks.

That the amount of the subscription to the capital stock of the federal reserve banks be reduced from 10 to 5 per cent of the capitalization of the bank applying for membership.

That in order to remove the control of the federal reserve banks from political influence, direction of the institution being vested in a board of seven members composed of the secretary of the treasury as an ex-officio member, three members to be appointed by the president of the United States who shall give regard to geographical territory of the country and three members to be selected by the member banks.

The terms of office are fixed at three, six and nine years at the beginning and nine years for all members after the first term. The salary is fixed at \$10,000 a year, with an allowance for necessary traveling expenses.

That three of the directors of regional banks shall be experienced in banking and live in the district.

That the directors of the regional banks be authorized to elect their own officers who, with the federal agent designated by the federal reserve board shall manage the institution.

The appointment of the federal reserve board shall not act as chairman of the board of directors of regional banks, but shall transact the duties of a government representative. That the advisory board of the federal reserve bank be abolished as under the plan proposed the bank members would have representation on the regular board of the reserve bank.

That the authority of the federal reserve board to compel one member bank to re-discount paper of another member bank be made optional instead of mandatory.

That the cumulative dividends allowed member banks out of the earnings on their shares in the federal reserve bank be increased from 5 to 6 per cent.

That state banks accepting membership in federal reserve banks be required to adopt the word "national" in their corporate names.

That all government monies be deposited in federal reserve banks, except the five per cent redemption fund of outstanding national bank notes.

That federal reserve banks be prohibited from re-discounting paper other than stocks and bonds. That the country banks required reserve

(Continued on Page Four)

STRIKE RIOTING BREAKS OUT AFRESH

MANY HURT WHEN OFFICERS AND STRIKING IRON MOULDERS CLASH

Resolution Calling For a General Strike Is to Be Presented to Union Mass Meeting To Be Held This Afternoon For Endorsement.

ERIE, Pa., Aug. 23.—

Rioting in connection with the strike of iron moulders broke out afresh tonight and as a result a state policeman was wounded, three men are in the hospital, and a score of injured have been taken to their homes. Not since the trouble began ten months ago has there been such a serious uprising as that which took place this evening. As the non-union workmen filed out of the plants it is alleged they were attacked by union workers and forced back. The state constabulary sent here to prevent rioting responded to the riot call and were forced to ride into the throng. The crowd thereupon turned upon the constabulary. The executive committee of the central labor union late tonight appointed a committee to draft a resolution calling for a general strike. This resolution is to be presented to the union mass meeting to be held Sunday afternoon. Should the action be endorsed 8,000 union men will be involved.

Miners Reject Settlement. Flat River, Mo., Aug. 23.—With the vote of the Flat River local of the miners' union this afternoon, enough votes were recorded against the settlement of the lead mine strike on the terms proposed by the state board of mediation and arbitration as to make certain its rejection.

The compromise plan provided for a wage increase of twenty cents a day and no discrimination against union men. The strikers are holding out for recognition of the union. The vote of the Buene Terre and the Leadwood unions cannot alter the result of the vote at Flat River, Desoto, Herculaneum and Elvins, which completed the rejection of the peace plan.

Will Begin Operations. Two of the companies notified the county officials tonight that on Monday they would post notices that they had agreed to the proposals of the state board of mediation and would begin the operation of their properties. The notices will state that if enough of the strikers do not return to work the mines strikers will be brought in.

Will Heave Rioting. Indianapolis, Aug. 23.—To prevent any rioting or disturbances as the result of the strike of interurban trainmen and conductors which went into effect at four o'clock this morning, the board of public safety today instructed Supt. of Police Hyland to employ special policemen in any number that may be needed.

Officials of the four traction systems affected by the strike here asserted the trouble will be only temporary and traffic will not be noticeably inconvenienced.

Mitchell Addresses Strikers. Calumet, Mich., Aug. 23.—John Mitchell, second vice president of the American Federation of Labor in an address to the copper mine strikers at Calumet and Houghton today, said that the American Federation is heartily in accord and sympathy with the Western Federation of Miners in the effort it is making to better conditions of miners in this field.

Mr. Mitchell expressed the belief the men would win if they stood firmly together, put faith in their leaders and obeyed the law. He said it was the right of the men to organize and commenting on the refusal of the operators to arbitrate with the Western Federation of Miners, asserted that the governor should say to the companies, "Arbitrate or the state will not spend its money for your protection or send the militia to camp on your property."

Mr. Mitchell said he placed a higher value on human rights than on property rights. He believed both men and strike leaders had pursued every honorable means to secure redress of grievances.

At the mass meeting here J. H. Walker, representative of the United Mine Workers, whose recent charges of unlawful acts by the state troops, aroused indignation and caused the general assembly to ask for evidence which was not forthcoming, reiterated the charges that the militia had insulted young girls, ridden down and beaten men on side-walks and committed other excess. He claimed to have sworn statements in substantiation.

MUST ENTER POULTRY BEFORE TUESDAY.

The Morgan County Poultry association members who wish to enter poultry at the coming exhibit at the chautauqua, Aug. 28 to 30, will please notify D. T. Heilmlich or James C. Weber before noon Aug. 26, so that the proper coop space may be reserved in the 40 by 60 foot tent which has been procured for the exhibit. Special police protection will be given at night.

WILEY TODD'S HORSES WON MANY PRIZES

Wiley Todd has returned from the Coles County fair held in Charleston. He won first money with his three and four year old Diamond King pool team, also first with his 2 year old saddle stallion, "Illinois Arist," also won sweepstakes with "Illinois Arist." James McDaniels, who is driving Mr. Todd's horses won second with "Lester E", two year old saddle stallion.

NEXT MOVE IN THAW CASE IS QUESTION

Prisoner's Counsel Uncertain Whether to Produce Thaw in Court or Abandon Writ

REACH NO DEFINITE DECISION

Attorneys' Conference with Thaw Results In No Definite Decision—Must Await Coming of Roger O'Mara

JEROME ARRIVES SHERBROOKE TODAY

SHERBROOKE, Que., Aug. 23.—Harry K. Thaw, squabbling with the dominion's leading lawyers retained to prevent his return to the Mattawan State Hospital for the Insane, from which he escaped on Sunday morning last, was tonight apparently as much in ignorance of the next move in his case as the casual idler around Sherbrooke jail.

For two hours his counsel conferred this afternoon, debating whether they would produce Thaw in court on a writ of habeas corpus next Wednesday or abandon the writ, surrender him to the immigration authorities and countenance his deportation to Vermont, a procedure to which it was said here the immigration officers had agreed.

The two hour talk was preceded by a conference with Thaw and his preference, but it resulted in no definite decision. Thaw was erratic, domineering and it was decided to await the arrival here of Roger O'Mara of Pittsburgh, Thaw's detective-guardian. According to the understanding here he will arrive tomorrow night by way of Montreal.

Never in the history of the dominion has such a legal case been before the courts. In brief, Thaw is held on a commitment charging him with being a lunatic from Mattawan, where "he was confined on a criminal charge."

This is an error. Acquitted of Stanford White's murder on the ground of insanity, he was held there on no charge except as a lunatic.

Both Sides Admit Defeat. Both sides have admitted that the commitment is defective and it was conceded that he would be released on the writ when arraigned. Why not then, Thaw's lawyers were asked by the immigration authorities, cancel, as it were, all your objections to his being held, turn him over to us, have a hearing at Coaticook where he was first locked up after crossing the border and we will deport him to Vermont? It will then be up to New York state to extradite him.

But the agents of the immigration authorities here are subordinate and Thaw's lawyers believe that the decision in the matter of deportation will come from the minister of the interior who is at present in the interior on his vacation. Facing such a predicament it was said tonight that the habeas corpus hearing would be held on Wednesday, as previously set.

Another possibility was suggested. Thaw would come into court, plead not guilty to the present charge and demand trial. This, it was said, might not take place until the October term of court. Asked about it, Thaw said "wait for Roger."

O'Mara was thus literally the missing keystone in the Thaw forces tonight and William T. Jerome, Thaw's old enemy and prosecutor, was the missing general of the New York forces. It was said that Jerome, retained by the New York attorney general's department, would arrive Sunday.

Thaw did not appear particularly disturbed when told Jerome was hurrying here.

SPECIAL HONORS FOR FORMER I. W. C. TEACHERS.

Two former teachers of Expression at the Woman's college have been spending the summer in study with Prof. S. H. Clark at Chautauqua, N. Y.

Miss Jane Farley, head of the Cumnock School of Expression in Los Angeles, Cal., will be remembered by many as a most talented reader and capable teacher, when she had charge of the expression department in the Woman's college, a number of years ago. Miss Farley, together with Miss Ananda Kidder, who has so efficiently filled that position for the last three years were shown the honor of being chosen from 120 students of Prof. Clark, to give recitals representative of the best work done by the expression school.

Miss Farley read Sowbery's "Rutherford and Son", in a most finished and artistic manner. Miss Kidder gave Galesworthy's "Strife", the greatest drama of the present day. Miss Kidder read in her usual forceful, sympathetic manner and this honor is but added proof of her splendid ability.

FINAL WEEK ANDRE & ANDRE'S GREAT 14TH SEMI-ANNUAL SALE.

IS SUSPENDED FROM DUTY. San Francisco, Aug. 23.—Harry B. Hall, displaced as inspector in charge of the San Francisco division of the postoffice service, by order of Postmaster General Burleson, was today suspended from duty without pay until further orders. The action followed Hall's protest against his demotion to a position as field inspector at Denver, with \$1,200 less salary, which Hall alleged was contrary to civil service regulations, as he was not offered an opportunity to answer any charges which might have been preferred against him.

WEATHER INDICATIONS AND TEMPERATURES

Washington, Aug. 23.—For Illinois: Fair Sunday and Monday, moderate variable winds.

Temperatures. Chicago, Aug. 23.—The current maximum and minimum temperatures for today were:

	Current	High	Low
Boston	74	84	68
Buffalo	64	64	60
New York	74	80	66
New Orleans	80	90	76
Chicago	69	70	61
Detroit	64	72	54
Omaha	80	86	60
St. Paul	76	78	56
San Francisco	88	90	64
Helena	68	74	54
Winnipeg	62	70	74

TWO ITALIANS SLAIN IN STREET CAR FIGHT

ITALIANS ENGAGE IN DISPUTE WITH CONDUCTOR AND ARE SHOT

Motorman Comes to Conductor's Aid With Controller and Third Is Badly Hurt and Knocked Into Street—Both Carmen Arrested.

CHICAGO, Aug. 23.—

Two unidentified Italians who engaged in a dispute with the conductor of a crowded west side street car here tonight, were shot and instantly killed by the conductor. A third Italian was knocked unconscious by the motorman with a blow from his controller and could not be revived sufficiently to give the names of his dead companions.

According to witnesses the three Italians were disputing on the rear platform with the conductor. The motorman stopped the car and pushed his way through the crowd with his controller. One of the Italians had been pushed off the car. As he struggled to climb back he was struck on the head by the motorman and shot and instantly killed by the conductor. The motorman then beat the other two over the head with his controller as they struggled with the conductor and the conductor fired four more shots at one of them, who was fatally wounded and rolled into the street and was picked up dead. The third was knocked into the street by the motorman.

The conductor and motorman then drove the occupants of the car to the street and started away alone. The two dead men were found by police who were brought to the scene by the shooting and were taken to an undertaking establishment. City physicians tried to revive the wounded man to get his statement.

Carmen Are Arrested. Frank Tyschper, conductor, and John Nolan, motorman, were arrested a short time after the shooting. Tyschper was found in a ward in a hospital with several bruises on his head.

One of the victims had a bullet wound in his back on the left side and another in his skull. The other dead man had a bullet in his right lung and both legs broken by bullets.

Mob Threatens Car Crew. Kansas City, Mo., Aug. 23.—A mob of several hundred persons blocked a street car crew here tonight after Georgia Ottemano, 29 months old, had been struck and dragged under a car in the Italian quarter. As the car stopped the mother crawled beneath and pulled out her baby and held it up, mangled and bleeding.

A crowd quickly surrounded the car crew with cries of "lynch them." Police reinforcements were necessary to save the carmen.

SCIENTISTS FIND NEW USE FOR THE ENGLISH SPARROW

Pest Known as the Alfalfa Weevil Is Discovered to Be Natural Food of the Sparrow.

Madison, Wis., Aug. 23.—A new use for the despised English sparrow has been found by T. H. Parks of the Ohio Agricultural College and James G. Sanders of the University of Wisconsin.

These two scientists working together against a pest known as the alfalfa weevil, it was learned here today, have demonstrated that the pest is not spread through the seed of alfalfa as the weevil feeds on the leaves and stem of the plant but not on the seed. It thus becomes a natural food of the sparrow.

The weevil is of foreign birth but since its importation has done great damage and at one time threatened the whole industry in Utah, Idaho and South Wyoming. It caused great alarm among growers of the middle-west also.

GOVERNMENT WILL SOON BEGIN PLACING BIG CROP MOVING FUND

First Deposits Will Be Made During the Early Part of September Through Central States.

Washington, Aug. 23.—Banks in the central and far western states soon will begin receiving their share of the \$50,000,000 crop moving fund that the government is placing in the agricultural states.

The first western deposits will be made during the early part of September in Chicago, Des Moines, Sioux City, Kansas City, St. Joseph, Mo., St. Louis and more than a score of other western cities.

Forty-two cities in southern states also are to receive deposits.

FINAL WEEK ANDRE & ANDRE'S GREAT 14TH SEMI-ANNUAL SALE.

NEWBURGH, Mo., Aug. 23.—Twenty-eight persons were injured in a rear-end collision between two St. Louis and San Francisco passenger trains here today. No one was injured seriously.

SPARKS FROM THE WIRE

DANVILLE, Aug. 23.—Mable Swell, aged 47, a prominent farmer living southwest of Danville, was killed this afternoon when caught under a tree he was felling.

HAMBURG, Aug. 23.—

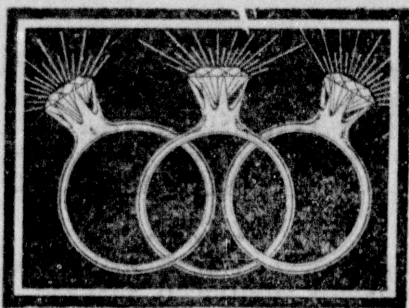

Football has been forbidden in the public schools. The superintendent of schools explain that it is not provided for in the curriculum.

CINCINNATI, Ohio, Aug. 23.—

George Augustine, a balloonist was killed here today when he dropped from an altitude of about 200 feet to the ground after an ascension at a local amusement park. To all appearances he tried to utilize his parachute, but it failed to unfold and he fell to the earth.

Howe's fresh, home made chocolates are extra fine and good.

RINGS OF ALL KINDS

From wedding rings to baby rings are shown here this week.

Solitaire diamond rings, signet rings, birthstone rings, chased gold rings and the plain gold band of the wedding ring, suitably inscribed if you like.

SANITARY SEWER SYSTEM FOR WHITE HALL

Contract Let to C. M. Hanes of Jerseyville For \$27,557.27—Work Will Be Commenced in Two Weeks.

The Board of Local Improvement of White Hall met in the City Clerk's office Friday night, and let the contract for a sanitary sewer system in White Hall, to C. M. Hanes, Jerseyville, Ill., for \$27,557.27. Other bidders were Herick Construction Co., Carlinville, Illinois, \$27,558.93; John E. Bretz, Springfield, Illinois, \$28,556.59; Walter Coonan, 1729 Missouri avenue, East St. Louis, Illinois, \$29,726.85; T. H. Iglehart, The Rookery, Chicago, Illinois, \$29,816.94. There was only seventy-six cents difference between the two lowest bidders.

The contract calls for a main sewer connecting branches, junctions, manholes, flush tanks, lamp holes, a septic tank and all appurtenances to be constructed for the territory to be known as Sewer District No. 1, composed of that part of the city of White Hall lying west of the main track of the Chicago and Alton railroad. Work to begin as soon as the necessary legal proceedings are completed with, which will not require more than fifteen days and will be completed by the first of the year.

It is estimated that the work will require 10,339 feet of six inch sewer pipe, 25,576 feet eight inch sewer pipe, 10,504 feet 10-inch sewer pipe, 2,763 feet 15-inch sewer pipe, 80 brick manholes, 48 lampholes, 7 flush tanks, 16 cubic yards concrete girders and abutments, 58 feet cast iron eight inch pipe, and 5,000 feet of lumber.

Agitation for a sewer system was begun five years ago and several legal battles have been fought but the sewer finally won and White Hall is to have another much needed improvement.

H. L. Caldwell, of the firm of Caldwell and Nelson was the engineer and made the estimates on the work. Mr. Caldwell went to White Hall Friday night via automobile and was present when the bids were opened.

TYPEWRITER COMPANY TO OPEN BRANCH HERE

We beg to announce that we will shortly open a branch office in Jacksonville with a resident repair man and will endeavor to give our customers the best of service.

Our Mr. H. M. Betts has a temporary office at the Dunlap Hotel and will be glad to receive inquiries from our customers or persons desiring information about our machines. We have special inducements to offer teachers, students, clergymen and doctors.

Call Mr. Betts on the 'phone and he will be glad to come and see you.

SCHOOL BOOKS.

Sell your old school books to the Bargain Book Store.

Mrs. Jennie Harlem of New Salem was in the city Saturday. She left in the evening on the Wabash for Davenport, Iowa, to visit her mother for a few days.

WE ARE HEADQUARTERS FOR THE NEW SEASON'S CROP.

UNCOATED RICE

In this era of high prices rice offers the double attraction of being very economical as well as nutritious.

We offer the uncoated Rice exclusively and do not handle the coated product.

Rice is good for the well good for the sick, ideal for the babies, while its liberal use is the keynote of the solution of the high cost of living. It is clean to handle, easy to prepare, and as a "left over" there is no vegetable so useful as Rice. It can be heated, making it in every respect equal to the freshly cooked grain.

Extra Fancy Uncoated Head Rice, long berry, Finest Rice that grows, 12 pounds, \$1.00.

We Want to be Your Druggist as Well as Your Grocer

Allow us to satisfy your drug need. Our stock is fresh, clean and complete. Our business methods are modern and efficient. You will get quality goods at the right prices. Your attention is directed to our household remedies. Each ingredient is chosen with utmost care and our pharmaceutical knowledge and experience assure you of the best. That is why we can guarantee them to you. Every preparation we offer is worthy of your consideration and especially adapted for you who wish the best.

Will we have the pleasure of selling you and serving you in our fully equipped pharmacy

Notice to Campers

We will give special attention to orders from campers at the Chautauqua grounds. Call this store by phone. Let us know your wants and we know you will be pleased with the promptness of our delivery service. The qualities of our goods and the prices are fully guaranteed.

AUTO PASSENGERS CAME NEAR TO DEATH

REV. J. W. MILLER'S CAR IS
SMASHED BY CHICAGO & ALTON LOCOMOTIVE.

Accident Happened at Crossing Near Entrance to Nichols Park—Engine Went Dead Just as the Car Came on the Tracks—Minister and Eight Others in Party Escaped Almost Miraculously—Another Watchman to Be Placed at Crossing.

Rev. J. W. Miller's Overland automobile, broken and smashed and twisted into hundreds of pieces, is scattered along the right of way of the Chicago & Alton road near the entrance to Nichols park. The automobile went dead on the Alton tracks about 9:30 o'clock last night and Rev. Mr. Miller and eight other occupants of the car barely had time to jump to safety before the St. Louis passenger train, traveling at terrific speed, crashed into it and left only the tangled wreckage. It was a marvelous escape from death and the hundreds of persons who witnessed the accident were weak with fright. Women shrieked and men stood with tense nerves, but it was all over in a flash and when the people realized that no one was injured, there was thanksgiving in hundreds of hearts.

Nine in Auto.

Rev. Mr. Miller was accompanied by Mrs. Miller and their four children, Marie, Josephine, Robert and Malcolm. With them were their guests, Mrs. Edward Hinrichsen and two children, Mary and Frances of Quincy. After attending the lecture of Bishop Quayle in the chautauqua tent the party started on the homeward journey. There were many automobiles and carriages moving in the same direction and Rev. Mr. Miller was driving his car at slow speed. He left the park entrance going as rapidly as conditions would justify, but as he went up the slight incline to the railroad track the car moved more slowly still and when squarely between the rails the engine went dead. It was a few seconds before Mr. Miller realized that there was the flash of a locomotive headlight to the south, and heard the warning shouts of persons nearby. He almost dragged the other occupants of the car from the seats to the ground and the danger was passed.

Four Seconds to Escape.

W. B. Miser and Bernard Gause, who witnessed the accident last night, estimated that not more than four seconds elapsed between the moment the engine went dead and the crash. The automobile was smashed into hundreds of pieces. The rear axle and wheels were thrown to the east of the track, while one wheel and the brake of the wind shield was over on the west side. Pieces of the body and top were scattered along the track for a considerable distance and the engine was carried a hundred yards before it fell to the right of way.

Wesley Utt was at the throttle of the locomotive and Fireman McEvers was with him. Mr. Utt said last night that he saw the auto move toward the track and stop squarely on the rails. He applied the air and used every means at hand to stop the locomotive, but realized that the collision was inevitable. He caught a glimpse, too, of people tumbling out of the car and felt reasonably sure that there were no occupants when the crash came.

Train Traveled Fast.

The locomotive came to a stop about fifteen car lengths north of the crossing, but as the engineer felt sure that no person had been injured and because he did not know what train might be following, he did not back to the crossing, but proceeded to the station and reported the accident. The locomotive carried portions of the auto along in such a way that a large part of the cattle guard at the crossing was torn away, as was some of the adjoining fence. The pilot of the locomotive was damaged considerably and it was only by rare good chance that the damaged car did not get tangled in the locomotive in such a way as to derail the train. The track from the pumping station, Davis, two miles south of the park crossing, is straight and level and the Alton trains are frequently run into the city at a high rate of speed. Spectators agree that the train last night was moving at great speed and as one thinks upon what might have happened there comes an in-have-happened shudder. The occupants of the automobile had a narrow escape from instant death and the passengers of the train, too, had an exceedingly close call, for a derailment of the fast moving train would have meant deaths and painful injuries.

There are two watchmen at the railroad crossing, one employed by the Chicago and Alton and the other by the Jacksonville Street Railway Co., but neither thought of the oncoming train as menacing the safety of the passengers in the car and of course, no one could foresee that the engine would stop at such a critical moment. Mr. Miller was driving slowly and probably on the high gear and autoists say that it is a frequent occurrence to kill an engine in this way approaching an incline. Many an autoist, too, has had this very thing happen on a railroad track, but without the approaching train.

Mr. Miller's Story.

After the accident people crowded around the Miller family to express joy that all had escaped and shortly afterward the members of the party were taken in other automobiles to the Miller home on West State street. In talking about the accident last night Mr. Miller said: "I was driving very slowly, because of

(Continued on page six).

WILL WATCH CROSSING.

The accident at the railroad crossing near the entrance to Nichols park last night will increase the vigilance there. The Chautauqua association will at once place a watchman on duty to aid the two already serving. The Chicago & Alton will be asked to have trains move more slowly at the crossing during this week and the request will doubtless be granted. The best way, however, to prevent accidents is for every person who approaches the crossing to "Look out for the cars." The permanent solution of doing away with the danger is to have a subway or a viaduct.

BANKERS AGREE ON AMENDMENTS

(Continued from page one)

be reduced from 15 to 12 per cent and that not less than four per cent be kept in the bank vault not less than four percent deposited with the federal reserve bank and the remainder with the correspondent.

That the reserve city banks required reserve be fixed at 18 percent instead of 20 and 25 percent as by the former variable scale. Of this six percent is to remain in vault, six percent in a federal reserve bank and six percent with the correspondent in a central reserve bank.

That the central reserve city banks required reserve which varied from 20 to 25 per cent be fixed at 20 per cent, 10 percent in the vault and 10 percent in the federal reserve bank. That the time limit on farm loans be extended from nine to twelve months.

That the entire section of the bill relating to saving banks be stricken out, so as to leave the existing regulations governing this class of institution intact.

That the federal reserve banks issue the necessary currency bank notes under the control of the comptroller of the currency instead of having treasury notes issued by the government.

Make Rapid Progress.

Washington, Aug. 23.—The House Democratic caucus progressed so rapidly today with the administration currency bill that when adjournment until Monday was taken, seventeen of the fifty one pages had been disposed of and there were predictions that three or four days more might prove sufficient. The banking and currency committee then will lose no time in reporting the bill to the house, where a week or fortnight of discussion may follow.

The caucus voted down after a hard struggle, an amendment by Representative Murray of Oklahoma to increase the number of members of the federal reserve board from seven to nine, the vote being 47 to 100. A proposition of Representative Harrison to increase the annual dividend of shareholders of the federal reserve banks from five to six percent was rejected. Chairman Glass of the committee agreed to a suggestion in the Murray proposal that not more than one member of the federal reserve board be appointed from the same federal reserve district would be covered in a committee amendment.

Representative Stanley of Kentucky secured adoption of an amendment making mandatory instead of optional, that the federal reserve board shall, "under rules and regulations" permit an applying bank to become a stockholder in the federal reserve bank of its district. An amendment by Representative Collier of Mississippi was adopted to specifically require that directors of federal reserve banks chosen by the federal reserve board shall be residents of the districts in which the banks are located.

Better party harmony prevailed today. Some who opposed the interlocking directorates amendment yesterday voiced in the caucus today objections to being classed as "insurgents."

None better: Howe's fresh home made chocolates.

KENTUCKY DRILLS

The Kentucky force feed is a force feed in the strictest sense of the term, and it sows all seeds from flax to treated wheat, with unvarying accuracy. The range of quantities is very great and the operator is not obliged to sow a peck or a bushel every time a variation in quantity is desired. In fact, the Kentucky fluted force feed will enable the user to regulate the quantity to sow as low a fraction as a quart or pint. One slight movement of each indicator lever sets every feed on the drill. Call and take a look at them.

Martin Bros.

Opposite City Hall

Obermeyer's School Books AND STATIONERY.

We have everything the children need to start the new school term right. You'll find here an unequalled line of school books, copy books, scratch pads, tablets, note books, drawing instruments, pens, pencils, in fact, anything needed in the schools.

It is important that the children have everything to facilitate their progress. Don't hinder it by providing inferior and out of date book and supplies. The latest and best books are to be had here.

All second hand books offered are entirely sanitary, having been thoroughly fumigated.

REMEMBER THIS

School opens early this year, Monday, September 8th. We will buy or exchange second hand books any time up to and including Sept. 6th, but we cannot take them after that date.

NEWS FORECAST FOR THE COMING WEEK.

Washington, Aug. 23.—The Hague, the capital of the Netherlands, will be the scene of an event of world-wide interest Friday, when ceremonies will be held in dedication of the Palace of Peace. The palace was erected with a \$1,500,000 donation from Andrew Carnegie and is to be the home and headquarters of the international permanent court of arbitration. The dedication ceremonies will be attended by official representatives of the leading nations of the world.

An event that will mark an epoch in the industrial development of a large section of the middle west will be the dedication of the great power dam that has been built across the Mississippi river at Keokuk, Iowa. The dam is nearly a mile in length and is surpassed in size only by the great Nile river dam at Assouan. It is designed to furnish cheap and abundant power for cities and towns throughout Illinois, Iowa and Missouri.

At the end of the week New York will welcome a most distinguished visitor in the person of Viscount Haldane, lord high chancellor of Great Britain. Lord Haldane is to visit America in response to an invitation to deliver an address before the convention of the American Bar association at Montreal. Before proceeding to Montreal he will spend several days in New York and vicinity and will visit West Point and other places of interest.

The bar association meeting in Montreal will be preceded by the annual conference of the commissioners on uniform state laws, which will begin its sessions Tuesday. There will also be a conference of the judiciary committee of the bar association, which will be addressed Saturday by former president William H. Taft.

The sixth annual conference of governors will assemble in Colorado Springs Tuesday for a session of five days. The function of the conference is to bring the state governors together yearly for an exchange of views on subjects of general importance, the promotion of greater uniformity in state legislation and the attainment of regular efficiency in the state administration.

All the leading nations, all the states of the union, many American colleges and universities and various other prominent educational, scientific, medical and hygienic institutions and organizations will be represented at the fourth international congress on school hygiene, which will begin in Buffalo Monday and continue through the week. This will be the first meeting of the organization in America. As its name indicates, the object of the organization is to promote the health of school children. In addition to the program of addresses and discussions there will be displayed a scientific exhibit illustrating the most notable achievements of the last few years in school hygiene.

Cornell university at Ithaca, N. Y., will be the scene of another notable international gathering of the week. This will be the eighth international congress of students. The congress is a body of undergraduates from the leading universities of North and South America and of the principal countries of Europe. Its objects are to create a close, international understanding among students of all nations and to consider the problems common to students in every country.

After strangely neglecting its most famous son for many years, the little city of Franklin, N. H., will on Thursday pay a real honor to the memory of Daniel Webster. The occasion will mark the completion and dedication of the rehabilitated birth-

place of the famous statesman. Memorial addresses are expected to be made by Senator Hoke Smith of Georgia and Job E. Hedges of New York.

Another observance of historical interest will be the celebration on Wednesday of the centennial anniversary of the battle of Chrysler's Farm. This engagement of the war of 1812 occurred on the Canadian side of the St. Lawrence, below Ogdensburg, between 1,600 Americans under General Boyd, and 1,500 British troops under Colonel Morrison. The centennial celebration will be held at the scene of the battle and will be participated in by prominent public men and a number of militia organizations of the dominion.

TO WELCOME LORD HALDANE.

New York, Aug. 23.—Elaborate preparations are being made for the reception and entertainment of Viscount Haldane, the lord high chancellor of Great Britain, during his brief visit in New York the latter part of next week. Lord Haldane sails from England today and will probably arrive here next Friday. While in the city he will stay at the Plaza hotel. On Saturday morning he will go up the Hudson river on the late J. Pierpont Morgan's yacht Corsair and inspect the United States military academy at West Point. After a review of the battalion a special train furnished by the Canadian government will take him and the reception committee to Montreal. On the Monday following he will address the American Bar association, being introduced by Chief Justice White of the supreme court of the United States. He will leave Montreal in time to sail from New York on Tuesday. Lord Haldane has been overwhelmed with invitations, both from the United States and Canada, but he is understood to have resolved to decline all except that from the bar association and confine his visit to America to five days.

Ripley Springs Water. Ebrie's.

TORONTO EXHIBITION OPENS.

Toronto, Ont., Aug. 23.—With everything in readiness for the public and prospects for a successful season, the Canadian National exhibition opened its gates today. The formal opening will take place Monday, when Premier Borden will be here to deliver the address of the day. The exhibition this year is one of the most complete ever staged in Canada, displaying the products of practically all of the provinces. A wide variety of entertainment has been provided for the ensuing two weeks.

\$3.50 Kansas City and return via Wabash, Friday, August 29.

MAN REMEMBERS NAPOLEON.

Paris, Aug. 23.—Probably the only person now living who has a clear personal recollection of the great Napoleon is M. Pierre Schamel-Roy, who on Monday next will celebrate his 106th birthday anniversary at his home at Neuilly. M. Schamel-Roy, as a boy of 12, saw the fallen emperor in exile at St. Helena, where he was taken to visit his father, who was a faithful follower and servant of Napoleon until the latter's death. As a child M. Schamel-Roy was a playmate of the prince imperial, later styled the king of Rome.

MORGAN COUNTY FARM TOPICS.

"Well, have you some corn land that will produce 60 bushels to the acre this year," said a Journal reporter Saturday to Harry Ogle, who lives six or seven miles northwest of Jacksonville, and the answer which came as a great surprise was: "Yes, I have some land that I think will yield full sixty bushels to the acre." Mr. Ogle then went on to explain that he has eighty or ninety acres planted in corn this year and while he does not believe that the greater part of it will produce more than twenty to twenty-five bushels to the acre, there is a ten-acre tract which is in splendid condition and gives all indications of a heavy yield. This land was broken out of clover this spring and so the soil was in much better condition to stand the long and severe dry weather. Some of this land, too, is located not far from the Indian creek drainage ditch and Mr. Ogle believes that some moisture has been furnished from this ditch, which would not otherwise have been secured by this corn.

A. A. Dyer, who returned Saturday from a visit of several days with Mr. and Mrs. George Splain, living in Winchester, said that he believed there would be more corn in this vicinity than conditions have seemed to indicate. It is possible that down around Riggsford and Glasgow that there have been some rains which did not cover Morgan county land, but conditions are not very far different in that locality than in this county. Mr. Dyer drove to Glasgow, where he lived as a boy and where he had not visited for 35 years. He also drove to Riggsford and to Chapin so that he had a very good chance to take a look at a number of corn fields and his opinion is that there are a great many fields which are not very far below normal conditions.

Fletcher J. Blackburn recently returned from Ft. Atkinson, Wis., where he bought and had shipped here a car load of young Holsteins. There are forty in the herd and part of them are on the home place six miles northwest of Jacksonville and the rest are pastured on rented land near by. Mr. Blackburn, partially on account of the location of the creamery here recently decided to go into the milk and cream business in a wholesale way, in connection with other farming interests. He is handling between 400 and 500 acres of land and from observation believes that a herd of high class cows will be profitable of themselves and a benefit to the farms. Just at present he is milking only eight cows, but he intends to add gradually to the number and it will not be many months until some of the cattle purchased in Wisconsin will be in the milking class. After looking into the matter for some months, Mr. Blackburn decided that the best plan to follow would be to go directly into Wisconsin to buy stock, for in that locality dairy herds have been made a specialty for a great many years and dairying is the particular line of business carried on with great success in a large area of Wisconsin.

After leaving Jacksonville Mr. Blackburn went first to Madison and spent a day or two at Wisconsin university experimental stations and farms. There the state maintains a number of herds and it is possible to gather some very valuable information as to the quality of milk stock cattle and the best methods of feeding them and of handling the products. All, or practically all, the localities which Mr. Blackburn visited specialized on

Holsteins or Guernseys, and through a long period of years, the farmers and dairymen there have found these breeds to be the most satisfactory for their purposes. The cattle he purchased are not registered Holsteins, but they are pure bred stock and he believes they will develop into animals of a kind which he can utilize in his project. While it is true in Wisconsin that many of the farms have very fine and expensive buildings for dairy purposes, Mr. Blackburn doesn't intend to go to any great expense in this line just at present. In other words he will develop the project gradually and try out the possibilities in a local way. The success of such an enterprise depends not only on the kind of stock one keeps, but also upon the kind of help that it is possible to get to handle and care for the cows. The more Morgan county farmers who develop dairy interests the better it will be for Morgan county land.

DUNNE DESIRES CONVICTS NOTIFIED.

Writes Warden Allen of Joliet Penitentiary to Announce Commutation to Convicts who Work on the Road. Governor Dunne sent a letter to Warden Edmund M. Allen of the northern Illinois penitentiary at Joliet in regard to the working of convicts upon the public highways of the state, under the provisions of the convict labor law, passed by the recent session of the legislature. The governor holds that a convict performing faithful work on the road of the state should be rewarded and recommends that for every three days such convict spends in road work, one day be taken from his sentence.

ALTON SHOPMEN URGE INCREASE.

Committees representing the various trades unions in the Chicago & Alton shops in Bloomington are endeavoring to secure an increase in pay and improved working conditions. Various demands of the only which the management regarded as unreasonable have been refused. The committees have appealed in two instances from the decision of the local shop officials to President B. A. Worthington in Chicago, but in both they were sent home disappointed. Mr. Worthington declining to make the concessions demanded. It is apparent that the company will adopt an independent position in subsequent dealings with the committees. The management holds that the present scale of wages is as high as paid by competing roads and that with the present earnings, no increase in operating expenses can be permitted.

\$3.50 Kansas City and return via Wabash, Friday, August 29.

TO BE SON'S CHAUFFEUR ON AUTO HONEYMOON TRIP.

Mrs. Margaret Haller of Wood River will serve as chauffeur of the automobile in which her son, Walter, and his bride will take their honeymoon trip to Chicago and Detroit. They plan making a 1,000 mile auto trip before their return. Mrs. Haller is the largest individual property owner in Wood River and recently became a candidate for school trustee, basing her claim for office on the fact that she is a heavy tax payer. She was elected.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detjen's Relief for Rheumatism has given my wife wonderful relief for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.—Adv.

CHURCH SERVICES.

Northminster Presbyterian Church.—Sunday school and Bible class at 9:30 a. m. E. M. Vasconcellos, superintendent. Mr. S. W. Nichols will take charge of the inviolable class and will illustrate the lesson with views from Palestine. Morning service under the auspices of the Exiles association, at 10:45. Special program. Rev. George C. Lenington will deliver the address. Members of the church and the public are cordially invited. No evening service.

First Baptist Church.—W. L. Dorgan, pastor. Morning service at 10:45, with sermon by the pastor. "Discordant Notes." Sabbath school at 9:30. Carl H. Weber, superintendent. Mission school at 2:30. J. A. McGlothlin, superintendent. Evening service at the park at 6:30. A cordial invitation is extended to the services of the day.

Trinity Church Services.—August 24. Feast of St. Bartholomew. Holy Communion at 7. Morning Prayer at 10. The Holy Eucharist will be offered with special intention that Almighty God will guide the vestry to a wise and speedy choice of a rector and for a blessing upon the new work about to be entered upon by the present rector.

Centenary M. E. Church.—G. W. Flagg, pastor. Sunday school at 9:30 a. m. Albert C. Metcalf, superintendent. Sermon at 10:45 a. m. Union service at Central Park at 6:30 p. m. Rev. W. L. Dorgan, pastor of the Baptist church, will preach the sermon. A cordial invitation to all to attend these services.

German M. E. Church.—F. Gruenewald, pastor. The regular Sunday meeting will begin at 10:30. The yearly missionary sermon will be preached. You are welcome.

Central Christian Church.—Clyde Darsie, minister. Bible school at 9:30 a. m. Charles L. Mathis, superintendent. Communion service and morning worship at 10:45 a. m. Sermon by the pastor. "Pioneering for God." There will be no Y. P. S. C. E. prayer meeting nor evening preaching service, owing to the fact that Charles Reiga Skoville speaks at the Chautauqua. Members of the church will take a basket supper at the park.

St. Emory Baptist.—Rev. A. A. Russell, pastor. Preaching at 10:45 by Rev. W. W. Goff, a former pastor of this city, but now of St. Louis, Mo., who is said to be a great preacher. Don't fail to hear him and be on time. Sunday school at 2:30. Mrs. Madorah Bryant and Mrs. Pauline Moor, superintendents. Miss Irene A. Russell will preside at the organ. All teachers and people are requested to be on time so the lesson can be well considered by all. At 8 o'clock a sermon will be delivered by the Rev. W. F. Walker of Springfield, Ill., who is styled as being a Black Diamond in the rough. You must hear him or miss a great treat. Plenty of music and good singing will be furnished by the choir. Miss Catherine Hayden, pianist. Everybody is welcome to these services.

McCabe M. E. church.—A. E. Miller, pastor. Our district conference session will adjourn tonight. There will be love feast meeting at 3 p. m. Our meeting will be held at the Centenary church. Dr. R. E. Gillum will preach at 8 p. m. J. E. Whaley will preach at our church. Let all come praying.

Brooklyn M. E. church.—Sunday school and preaching at the morning. Subject of sermon: "The Law of the Spirit." Epworth league at 7 o'clock. Evening worship inside at 7:45 at which a visiting minister

will preach. No prayer meeting this week.

Westminster church.—Sabbath school at 9:30 a. m. Preaching at 10:45 a. m. by the Rev. Franc Mitchell.

PREACHING AT WESTMINSTER.—The Rev. Franc Mitchell, of Key-terville, Mo., will preach in Westminster church this forenoon. Mr. Mitchell will be recalled by many of our people as the eldest son of Prof. B. F. Mitchell, one time principal of the Jacksonville Female Academy. Prof. Mitchell and the Rev. Mr. Mitchell were members of the Old First Presbyterian church in Dr. L. M. Glover's time. Franc Mitchell was the first "local editor" of the Daily Journal, in 1866.

W. C. T. U. NOTICES.

Dear Comrades: Because the management of the Chautauqua so wish, our beloved Lenora Lake, for speaker Wednesday night, the Woman's Christian Temperance Union of Morgan county should show their appreciation by a large attendance. Every friend of temperance should be there.

H. B. Daniel, County President.

Morgan County convention of the W. C. T. U., August 27th, W. C. T. U. Tent, Jacksonville Chautauqua. 12:30 p. m.—Executive. 1 p. m.—Devotional, Mrs. Cocking. Reading of minutes. Committees appointed. Report of county president. Report of county secretary. Report of county treasurer. Reports of local unions—Mercedonia, Jacksonville, Franklin, Waverly, Murrayville. Reports of county superintendents. Election of officers. Executive. Lunch.

VICTORY FOR INSURGENTS.

The result of the vote on the rate question announced at the head offices of the Modern Woodmen of America at Rock Island—48,782 against the higher rates and 26,985 for a change in rates—is to the "insurgents" reason for new hope that they will succeed. The vote was merely advisory and was taken at the behest of the head officers. E. S. Smith, attorney for the "insurgents," said that the result was most remarkable, especially in view of the fact that the "insurgents" were advised not to vote and that the head officers evidently secured all the strength they could.

Mr. Smith states that the case in the courts seeking to return the old rates will be pushed. He said that the were contending not only against the new rates, but also against proposed changes in the organization. "Probably the case will be taken to the supreme court to decide," he stated, "but we believe that the final decision will be in our favor."

SUCCESS IN MEDICINE.

Good doctors succeed and among them are the world's greatest benefactors; poor doctors drop out as they should. Good proprietary medicines succeed and the homes of the masses are blessed by them. Poor medicines drop out, as they should. The American women are neither gullible nor foolish, they recognize the value of such standard remedies as Lydia Pinkham's Compound, which for more than thirty years has been the standard remedy for female ills and complies with all conditions of the Pure Food and Drugs law. (Adv.)

COLLEGE STUDENTS SEEK WORK.

Several young men and young women who expect to attend Illinois college this fall are looking for opportunities to work in order to earn a part of their expenses. The boys will do work of almost any kind out of school hours and the girls will help in household duties. Persons interested should call President Rammellcamp. Ill phone 451.

Wonderful Blood Remedy

Brings Health to a Host of Sufferers.

The remarkable action of S. S. S. in the blood is given impetus by a letter received from Earl C. Cook, 708 South Center St., Bloomington, Ill. He says: "I suffered several months and took treatment here, but obtained relief only for a few days at a time. Becoming doubtful of results, I quit the doctors. From the start, I used thirteen bottles of S. S. S. and was entirely cured. My blood was in a dreadful condition, and I can not thank S. S. S. enough for my wonderful recovery." This preparation stands alone among specific remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of articular rheumatism, locomotor ataxia, paralysis, neuritis and similar diseases resultant from the use of minerals than from disease germs direct. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 152 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease. Get a bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood. Do not accept anything claimed to be "just as good." There is nothing else to take the place of S. S. S.

LATEST NEWS FROM THE FIELD OF SPORTS

BUNCHED HITS WIN FOR THE WHITE SOX

CHICAGO DEFEATS PHILADELPHIA BY 7 TO 4 SCORE.

Ninth Inning Rally of League Leaders Nets But Two Runs and Fails To Overcome the Lead Piled Up By the Sox.

Chicago, Aug. 23.—Chicago defeated Philadelphia today by 7 to 4 through bunched hits off Brown and Bush. The league leaders started a rally in the ninth inning by bunting two triples and a single but could not overcome Chicago's lead.

WILL PLAY IN VIRGINIA.

The Company L. Giants of this city will go to Virginia today to play the Merchants. The batteries will be Norton and Duncan for the Giants and Houston and Lucas for the Virginia Merchants. Frank Smith and Harvey Franz, formerly with the White Sox, will play on the Virginia team, which will go next Tuesday to Petersburg to play the Old Salem Chautauqua nine.

Dance Mon. eve. Aug. 25, Nichols park. Union music. O. R. Spaulding.

In the ninth and held St. Louis safe. Moeller and Shotton featured with the bat and the latter fielded in sensational fashion, many of his catches cutting off extra base hits.

Score: R. H. E.
Washington . . . 100 000 003—4 10 0
St. Louis . . . 100 000 010—2 6 2
Batteries—Engel, Hughes and Henry; Baumgardner and Agnew.

GIANTS WIN ENTIRE SERIES FROM CUBS

CHICAGO LOSES LAST GAME OF NEW YORK SERIES 3 TO 2.

Smith Throws Game Away in the Fifth Inning When He Makes Wild Heave to First of Shafer's Grounder—Cubs Use Seventeen Men in Game.

New York, Aug. 23.—New York made it a clean sweep over Chicago today, the visitors losing the last game of the season in New York 3 to 2. Marquard had a slight edge on Smith, who tossed his game away in the fifth inning when he threw wild to first on a little tap into his hands by Shafer.

Manager Evers and Third Baseman Zimmerman were put off the field in the seventh for nagging Umpire Riggler. The score:

Chicago	A. B. R. H. P. A. E.
Leach, lf.	2 0 0 3 0 0
Evers, 2b.	3 0 0 1 0 0

Score by innings:
Chicago 0 0 0 0 0 0 2 0—2
New York 1 0 0 1 0 0 0 3—3

Summary.

Two base hits—Schulte, Murray. Three base hit—Bresnahan. Stolen base—Shafer. Double plays—Marquard to Fletcher to Merkle. Bases on balls—Off Marquard 2, off Smith 1, by Lavender 2. Umpires—Riggler and Byron.

BROOKLYN DOWNS REDS IN LAST

Superbas Pound Ed Reulbach for Five Runs in First Inning and Win 5 to 1.

Brooklyn, Aug. 23.—Brooklyn won the final game of the series from Cincinnati today in the first inning, 5 to 2. Umpire Klem cleared the Brooklyn bench of all substitutes except Coaches Phelps and Yingling in the fifth because of a chorus of protests over a strike called on Collins. The score:

Cincinnati	A. B. R. H. P. A. E.
Cincinnati	100 000 010—2 8 0
Brooklyn	500 000 000—5 8 2

Batteries—Suggs, Packard and Clarke; Reulbach and Miller.

PIRATES WIN TWO FROM PHILLIES

Hard Hitting by Pittsburgh Is Responsible for Two Victories Over Philadelphia.

Philadelphia, Aug. 23.—Pittsburgh's hard hitting caused two defeats for Philadelphia here today, 10 to 5 and 13 to 7. Catcher Gibson of Pittsburgh was hurt on the ankle by a pitched ball in the opening engagement. Scores:

First game—	R. H. E.
Pittsburgh	.000100000—10 14 1
Philadelphia	401002001—8 15 2

Batteries—McQuillan, Hendrix and Gibson; Simon; Alexander, Seaton, Marshall, Imlay and Kilfifer, Howley.

Second game—R. H. E.
Pittsburgh . . . 002602300—13 17 3
Philadelphia . . . 012000200—5 10 1

Batteries—Cooper, Luhrsen and Simon; Bennett, Seaton, Imlay, Rixey and Kilfifer.

BOSTON WINS SMASHFEST 8 TO 4

Cardinals Gather Thirteen Hits and Braves Annex Fifteen Safe Swats During Contest.

Boston, Aug. 23.—Boston batted two St. Louis pitchers hard today and won by 8 to 4. It was the locals' third straight victory over the visiting team. Catcher Whaling of Boston was spiked on his right hand by Kometchy, first baseman of St. Louis, in the seventh and he withdrew from the game. Score:

St. Louis	A. B. R. H. P. A. E.
St. Louis	.013 000 000—4 13 0
Boston	.042 020 008—8 15 2

Batteries—Peritt, Harmon and Winko; Perdue, Tyler and Whaling, Rariden.

Thus far this season the Central league has graduated eighteen players into the big shows for a total of \$40,000. This is the year's record in disposing of promising material.

Additional Sporting News on Page 12

SOME OFF-SIDE CHUTES

Johnny Evers believes Prexy Murphy when traveling with the team is a hoodoo, and so informs Gotham scribes. He attributes his recent successes in Boston and Philadelphia to the fact that he left pudgy C. W. at home when he started on the present eastern invasion.

Buck Weaver has discounted Merkle of the Giants in pulling the bonehead stuff according to Sanborn, the expert "war scribe." The exposure of this championship piece of ivory happened in the eighth inning of the Philadelphia-Sox game in Chicago Friday. Weaver while lying on the ground at second, with a Mackman at third and at second, rolled the ball along the ground toward the pitchers' mound. Oldring the man at third, going home with the tying run, to be followed by Eddie Collins a moment later, with the winning count, aided by McInnis' single to short center. Weaver ten days ago pulled a similar bone in the twelfth inning with the Yankees and handed Chance a game. His "Buckship" is probably upset with the thoughts of the recall of Lena Blackburn and the signing of the sensational Britton. Although erratic, Weaver is one of the quickest thinkers in the game today, and his dallying with the ivory is giving the fans a severe jolt.

"Morrie" Rath another of the White Sox crew to be banished to the houth of the Kaw, Friday he was released to Kansas City because of his inability to hit the ball. Joe Berger, although a hortstop, has been made the regular Keaton guardian with the clan of Callahan. Berger, while a grand infielder, will never break down any concrete fences with his slams.

Mrs. G. P. Bryant of Melrose, Mass., on Friday, at Cambridge, Mass., set a new world's archery record for women when she sent the arrow 251 yards and 4-10 feet. The former record was 218 yards.

Nothing now stands in the way of the yacht races for America's cup next year. Contracts between the New York Yacht Club and the Ulster (British) Yacht Club have been signed, sealed and delivered. The New York Yacht Club is going along with its plans for the defense of the cup, and the directors will soon make announcement as to the size of the boat which will meet Sir Thomas Lipton's Shamock IV, a seventy-five footer.

THE BASIS OF CAR BUYING

1. Look up the maker in regard to responsibility, time in business, assembled or factory product.
2. What will be your chance of disposing of your car in the future, either in trade or for cash.
3. Service you will receive from dealer and factory at all times.
4. Quality of material used. Kind of equipment used for starting, lighting, ignition, etc.
5. Weight of car. Comfort in riding.
6. Accessibility.
7. Simplicity.
8. What the car has done in the past.
9. Chance of getting repairs in the future.
10. Does it pay to skimp yourself in price to get an article because it is cheaper. Think it over carefully.

If you keep these questions in mind and then examine

The Buick, the Oakland, the McFarland Six or the Oldsmobile

You will find that each one answers these queries in its own individual way.

THE RURAL CHURCH AND PUBLIC HEALTH.

"No social agency is more earnest in its demands upon the church for co-operation than public health, and no agency offers a greater return for such co-operation," says Dr. Ennion W. Williams, health commissioner of Virginia, in a bulletin just issued by the United States bureau of education. "Public health asks the church to join hands with it in giving men better bodies, and it promises that when bodies shall be stronger their spirits will be nobler. Public health asks the church to assist it in making sanitary the community to which the church ministers; and it pledges the experience of the world to show that when this is done, none will benefit more than the church. Other things equal, the healthy man is the moral man, and the sanitary community is the spiritual community."

"The first means of co-operation on the part of the church is in preaching the dignity of the human person, the sanctity of the individual body. This will enable the church to justify the health officer in his demand for a sanitary community—will, indeed, make that demand irresistibly logical. If the body is sacred, then the body deserves a sanitary surrounding and depends upon it. The permanence of our fight for better health must rest, in part at least, upon an awakened public conscience which will view disease as second only to sin, cleanliness as next to godliness."

"The church should, in every practical way, illustrate the necessity of sanitation by being itself a model of sanitation. It should be well ventilated, well kept, supplied with proper outhouses and with a safe supply of drinking water. Many of our rural churches fall far short of this. Cleaned only when filth becomes unbearable, ventilated by chance or accident, generally without any outhouses and supplying water from a rusty bucket and a dirty tin dipper, the church oftentimes is a focus of infection. If it is to stand as the evangel of good health, it must be sanitary. If it is to preach the gospel of fresh air, it must be well ventilated."

WILL RETURN FROM EASTERN TRIP.

Mrs. Charlotte F. Gray and Miss Lucille Gray are to return to Jacksonville soon from an extended journey through the east. They are soon to be guests at the home of Bartlett Gray in Geneseo. Mrs. Gray writes to the Journal from Pittsburgh says:

"We are starting home now and expect to be there within a few days. We have been to Niagara Falls, Buffalo, New York city, Elmore Ocean Beach, N. J., where Mr. and Mrs. Conpton welcomed us to their beautiful home near the ocean and their city home. Aboard the Princess Anne steamer we went to Norfolk, Va., and then on another large vessel up through the breaker and Chesapeake bay, and into Washington. At the national capital we saw many interesting sights and then came here to Smoky Pittsburgh. Already I have been on seventeen high hills in this city and they tell me there are that many more. Some of them you can hardly see, however, on account of the heavy clouds of smoke. This city has annexed Allegheny and Bellevue and the population now runs to 300,000. It will not be long now until we are back at 1939 West College avenue and I still love the old home city of Illinois better than any other place on earth."

PROVISIONS IN LAW UNCERTAIN.

As Result of Conflict in Tie Act Engineer Suggests That Levy Be Made on Two Dates.

The tax levy for road purposes will be made by county authorities on two different dates if the recommendation of State Highway Engineer A. N. Johnson is followed. Because of a conflict of provisions in the Tie good road bill, Mr. Johnson sent out letters to township clerks in Illinois advising them to make the tax levy for road purposes on two occasions. One section of the new law says that the levy shall be made at a regular meeting between the first Tuesday in August and the first Tuesday in September. Another section provides that the levy shall be made on the first Tuesday in September.

NARROW ESCAPE FOR AUTOISTS.

Thursday morning Mr. and Mrs. T. J. Teaney has a miraculous escape when a large touring car in which they were riding turned turtle after running off the high levee near Taylorville. Mrs. Teaney escaped death by jumping when warned by Mr. Teaney. She suffered a sprained ankle. Help was soon at the scene, who got the machine back on the road and the occupants started again on their trip to Palmyra for a visit with relatives. The top of the machine was badly broken, as were the wind shield and fenders.

ILLINOIS COLLEGE Conservatory of Music.

The Conservatory of Music had last year one of the most successful years in its long history. The same strong faculty with the addition of Mrs. Genevieve Clark Wilson, a singer and teacher of national reputation, will be in charge during the coming year. Director W. E. Kitch will be glad to confer with any students or parents who desire information about the work of the school. Call Ill. phone 454.

HYDROPHOBIA KILLS MAN.

Noah Maddox of Thompsonville, died from hydrophobia. Eight weeks ago Mr. Maddox's 6-year old girl was bitten by the family dog. Maddox went into the yard to tie him up and was also bitten on the hand. While the child has experienced none of the symptoms she was taken to St. Louis for treatment.

\$3.50 Kansas City and return via Wabash, Friday, August 29.

FIVE CANDIDATES IN RACE FOR NATIONAL COMMANDERSHIP

Contest to Head Great G. A. R. Organization Grows in Interest—Largest Field of Aspirants on Record.

Chattanooga, Tenn., Aug. 23.—Every indication points to a battle royal at the Chattanooga encampment of the Grand Army of the Republic for commander-in-chief. Five states have so far made entries and each entry is a popular man. The prize already in the contest for the prize are, in alphabetical order, Indiana, Michigan, Nebraska, New Jersey and South Dakota.

The department of Indiana has endorsed Comrade O. A. Somers, a private in the ranks. Mr. Somers lives at Kokomo, and is a popular man with the members of the Grand Army. He has the active and undivided support of his state, and counts on help from a number of the strong states of the central west, and from every member of the Grand Army, to use the words of a friend and supporter, "who believes that the time has come when a private soldier should be honored."

Nebraska has entered the lists with Col. C. E. Adams, a banker and farmer, of Superior, Neb. He is endorsed by his state department, and has a war record linked with the history of the 14th army corps. Col. Adams won distinction on many fields, is loyal to the Grand Army's interests and a successful man of affairs.

Michigan will come to the encampment carrying the flag of Hon. William Gardner of Albion, the well known editor-statesman, and enter him as a candidate for the honor. Col. Gardner enlisted in the service when only 16, was with Gen. Sherman during the campaign from Chattanooga to Atlanta and sustained a serious wound at Resaca, which necessitated retirement on an honorable discharge. He was a member of congress from Michigan ten or a dozen years, serving with high honors on a number of important committees, making a national reputation as one of the Republican leaders.

New Jersey's candidate for the honor is Col. Ralph D. Cole, a popular Grand Army man, who has a creditable war record. He has the endorsement of the New Jersey department of the G. A. R. and is regarded as the candidate of the eastern section, although sectionalism plays but little part in the selection of the commander-in-chief.

South Dakota has endorsed Capt. N. H. Kingman of Selby, and will come to Chattanooga determined to land him. Captain Kingman organized a company in the 15th Wisconsin regiment, and served with that organization until the close of the war. He has been one of the prominent figures in the Grand Army of the Republic since its organization, and his strength is general.

With five strong candidates, said to be the greatest number ever presented before a national encampment, the fight for the honor promises to be spirited and full of interest. It should be explained that these men are candidates in the sense that their respective state departments have endorsed them.

YANKEE ROBINSON SHOWS ARE WELCOME EVERYWHERE

Circus Which Is Now Many Years Old Will Visit Jacksonville Soon—Lives Up to Old Ideals.

The big show coming to Jacksonville, Monday, Sept. 1st, has not only three rings, but two elevated stages, grand aerial enclaves and 1000-foot hippodrome race track. This famous old show is a regular circus, advertises "circus," and never uses any irrelevant make believe titles to mislead the public, always produces what is advertised and its century reputation—for the Robinson show is nearly 100 years old—bears out the positive fact that it has improved with age, always keeping in the front rank of circuses; the greatest champion riders, highest priced acrobatic families, most skillful ring talent, best trained animals, finest canvas equipment, elaborate cages and its horse fair is the talk of the entire country. This old circus has for years made it a study to show the most attention to its lady and children patrons; it has gained the good will of officials and patronage of thousands of people by its taking care of entire orphan asylums, these little walls of humanity could see the funny clowns, clever performers, trained animals; a real day's enjoyment for these unfortunate little folks that they will never forget; differing, likely, from the rich or even well to do boy or girl who regards it as a matter of course that they will see the big show and all other shows that come along.

Harvey Haile, one of the show's press agents, writes: "A commendable and generous act the old show did the other day at Butte signifies that Mr. Fred Bushman, the big circus manager, has a heart as large as a hand wagon. Just before the parade started a messenger arrived, stating that a little sick girl of Montana street had so set her heart on seeing the circus and was then propped up in a chair at the window, hoping the good showman would pass near the corner of her house so she could at least hear the music. The big-hearted circus owner at once instructed his superintendents to change the parade route, to pass the little invalid's home, and this grand old show, with its slow step parade, went five blocks out of its way to give little Amy a treat, and now Dr. Bensley says the incident will undoubtedly prolong the child's life, and it is likely she will recover."

\$3.50 excursion to Kansas City August 29th via Chicago & Alton. The Only Way.

MAN PRONOUNCED DEAD: ALIVE.

Henry J. Minor, legally pronounced dead ten years ago and on whose Modern Woodman policy \$1,000 was paid to his wife, Mrs. Rosa Minor, of Mulberry Grove, this state, has been found at Horton, Ark.

LITERBERRY.

Through the courtesy of S. H. Crum we had the pleasure of attending the Morgan County Sunday school association at Lynnville, Tuesday and Wednesday. We presume a full report will appear in the papers and we will say to our friends that we are not trying to report the affairs, but we want to tell something about this meeting that perhaps the regular reporter may not know or find out until too late to publish. Our car load consisted of S. H. Crum, chairman; Mrs. J. M. Litter, Mrs. Durrell Crum, D. K. and Mrs. McCarty. Mr. Crum put us down at Lynnville after a very pleasant, careful drive. We will admit he raised a big dust, but he excused this part by saying the dust was in the road and he could not help stirring it up. We all hoped to be of some use to the convention, as well as to receive good, so Mr. Crum worked on all sides. Mrs. Crum presided at the piano part of the time, in the alto and we were a good listener, and one of the very best at the table. We have heard it said, that when one does his best, they have filled their place acceptably; so we felt that we did our best and there should be no kick coming from any direction. The attendance at this convention was not what it should have been and we are at a loss for the reason. When we consider the talent at this meeting we wished for the whole county to be present; the singing alone would justify this wish, to say nothing about the grand, good talks. A good many people were homesome and uneasy the first day on account of the absence of President-elect Arthur Swain. Many inquiries were made, but no one could account for his tardiness. Early the second day he drove his machine in and reported he had been delayed by rain. Of course, and there were a good many smiles about this time and we saw that the most of them were on the faces of those who had driven from Jacksonville. Nevertheless, we were all glad to see our new president and things began to hum and kept humming until adjournment.

What were some of the best things visitor saw at the convention?

That would depend on the temperament of the visitor. Some thought the singing the best feature; some thought the piano music given by Mrs. Durrell Crum the best. Many were taken with the chalk talks and scripture illustrations given by Rev. Mr. Plagge. Others were electrified by the long man from Texas, who stood before the people in his manly way and abused the liquor traffic; no he did not abuse, he could not abuse the liquor traffic with all his eloquence and earnestness, but he did certainly give it what is rightly coming to it in such terms that we do not see how any one who heard him can ever vote to perpetuate the evil. He also paid his compliments to Speaker McKinley, making the gentleman look like a thirty cent, to the audience. Others were carried away by Mr. Hugh Cork's earnest, up to date, instructive and pleasing talks or lectures; and we would not be surprised if there were not those present who thought the very best thing at this convention was the dining room. When we consider the attractions at this place we cannot blame them. The tables were spread with the best edibles the county could produce, tastily arranged and presided over by good looking young men, both old and young. Everything was as free as the air we breathe. We wish we could say something to the noble women of Lynnville and surrounding neighborhoods that would prove to them that their efforts were highly appreciated by all who had the pleasure of partaking of their hospitality. No town or neighborhood could do more or do it better. We met many old friends at this convention and made many new ones, of which we are proud. We were entertained overnight by the family of Hilton Middleton, southeast of Lynnville, and one of the fine places in the fine section of the country. Mr. Middleton's family consists of a good wife, five daughters and one son; two of the daughters are married and have homes of their own. Three daughters and the son are still at home and make a real family. We were treated to the very best they had and that was good enough for a king. This family living to the Point Church and are intelligent, hospitable Christian people and we hope to be their guests again in the near future. We also met the two charming daughters of Mr. Robert Hanson; we met these young ladies several years ago under very pleasant circumstances, and were glad to renew the acquaintance.

Yes, Lynnville has acquired herself in a real way and we defy any to find fault with the treatment of the Morgan County Sunday School association by the Lynnville people. Up to date 211 people are attending their church and the young men are going to give an ice cream social of the church lawn on next Saturday evening, the 23rd. Everybody come.

TALLULA MAN DEAD IN ALASKA.

George Griffin of Tallula received a telegram from the United States army commander at Fort Davis, stating that his son, Richard, died there August 18. His body will be sent home for burial.

BIDS FOR COAL.

Scaled bids for furnishing 3-inch screened lump coal for all county purposes for 1 year will be received at county clerk's office until Saturday, September 6th, 1913 at 2 p. m.

All coal to be weighed over the city scales, except that delivered to the county farm, which is to be weighed at the farm. The successful bidder must enter into contract and give bond for faithful fulfillment of said contract. The county commissioners reserve the right to reject any and all bids. C. A. Ruff, County Clerk.

The "Wonder Tour" Through the Northwest

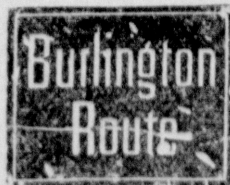

Have you ever been to Glacier National Park? Have you ever been to Yellowstone Park? Have you ever been to the North Pacific Coast? No?

Well, I would like to have the privilege of explaining how you can arrange a summer tour to include all three, stopping at Glacier on the way out and Yellowstone on the way back. It's the most interesting, fascinating trip in the world, and Railroad, Hotel and Stage facilities are so perfect now, that the trip is a joy from start to finish.

I would like to send you maps and pictures and booklets describing these places, and I would like you to let me help you plan a trip and tell you all about the service and the cost. Will you allow me to do this?

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

MARKET UNDERTONE SHOWS STRENGTH

STOCKS RULED AT MODERATELY HIGHER PRICES DURING MOST OF SESSION.

Supply of Stocks Is Not Large and
Heavy Buying Was Not Required to
Lift Figures All Through the
List—Decline at Close Is Ascribed
to Profit-Taking.

(By Associated Press)

New York, Aug. 23.—Stocks ruled
at moderately higher figures during
most of today's half session. Trading
was on small basis, but under-
tone showed pronounced strength.
The supply of stocks was not large
and it did not require heavy buying
to lift figures all through the list.
Reading, Union Pacific and Steel
moved forward together, followed
by an array of less conspicuous stocks
and advances were well held until
just before the close when a quick
reaction reduced gains.

The inquiry apparently came
largely from the shorts, who were
desirous of closing out part of their
contracts.

Some of the obscure issues moved
more widely than the prominent
stocks, rising 2 points or more.
Chesapeake & Ohio touched 50,
making a gain of more than 3
points since its dividend rate was
reduced from 5 to 4 per cent.

The decline in the list at the close
was ascribed to profit-taking.
Changes shown in the bank state-
ment were only nominal. The cash
gain was less than \$500,000 and
there was an expansion in loans of
about \$9,000,000.

**WILL DEDICATE
KEOKUK DAM**CELEBRATION WILL COMMENCE
TOMORROW.

Imposing Ceremonies to Mark Completion of Largest Waterpower Dam in the World—Some Details of Its Construction.

Keokuk, Iowa, Aug. 23.—A \$27,000,000 waterpower dam, the largest in the world, will be dedicated next Tuesday. The celebration opens Monday with Governor's Day, when executives enroute to the Governor's conference at Colorado Springs are expected to attend, but the dedication ceremonies do not take place till the following day. An elaborate program has been arranged.

The total quantity of concrete in the work, all one massive monolith, is almost exactly equal to the masonry in the great pyramid of Cheops. All the work of construction was done under the strict supervision of the United States army engineering corps.

This waterpower development in the very center of the Mississippi valley, where the states of Iowa, Illinois and Missouri join, is the result of hard work for forty years by the people thereabouts, who finally were successful in inducing capital to attempt what for many years was considered impossible or unprofitable. The citizens of Keokuk and Hamilton, Ill., induced congress to pass the franchise act which President Roosevelt signed and then spent four years in trying to find capital to build the \$27,000,000 plant, after they discovered an engineer capable of constructing it. The work is looked upon by the people of that section as peculiarly their own, although they own none of the capital stock, which was subscribed in New England, Canada, England, Belgium, Germany and France.

Deep Navigation Possible.
Deep water navigation now is made possible for 65 miles up the Mississippi, including a stretch of river hitherto impassable except through a government canal with locks which cost \$50,000 to operate and is rendered unnecessary by the lock and lake above the dam. The United States gets many millions of usufruct as the price for allowing the river to be dammed at the foot of the old rapids which are now the bottom of the lake.

The dam is three times as large as the next largest single installation of water wheels in the world. It comprises thirty turbines and electric generators which produce a total of over 300,000 horse power on the shaft connecting them. Besides the dam there is a power house, a lock, a dry dock, a sea wall and an ice fender, all of large cross section and with a total length of ten feet less than two miles and a half of massive concrete.

Nine-Tenth of Mile Long.
The dam stretches nine-tenths of a mile across the Mississippi from the Illinois bluff into which it is tied to its junction with the power house on the Iowa side of the river. It is 53 feet high, 42 feet wide on the bottom and 29 feet wide on top and consists of 119 arched spans, each 30 feet between six-foot piers. In each span is a spillway 32 feet high, topped by a steel gate eleven feet high. By opening and closing a variable number of these gates, the water above the dam is kept at a certain height and sufficient water for navigation below is always passed through the dam.

The power house is a third of a mile long, half a city block wide and as high as a 15-story skyscraper, 177 feet. Its basement is massive concrete with passages for the water to flow through the thirty turbines into a tail race along the opposite side which was excavated 25 feet into the hard limestone bottom of the river into which all the works are keyed. Each water wheel is several times as large in dimensions as the largest ever built before, and it had to be brought to Keokuk on a specially built steel car and routed to avoid bridges—and even then the railroads had to remove the water tank spouts to allow each turbine to pass. Half the power house is now completed, and the other half is under way, economy being conserved by starting operation of half of it as soon as possible.

Cities in Power Zone.
The total quantity of power produced on the turbine shafts on the entire power house is more than is used for manufacture in Missouri, and one-fourth the quantity used in manufacturing in Illinois, including Chicago and its environs. This wa-

terpower converted into electricity is intended to be used in manufacturing in the new power zone along the Mississippi extending from Burlington, Iowa, to St. Louis, which latter city takes 60,000 horse power of current over a transmission line carrying it at 110,000 volts. Fort Madison, Iowa, Quincy and Alton, Ill., and Hannibal, Mo., are other cities in the power zone. It is not the intention to build any more transmission lines from those north and south from Keokuk which are now in operation. Keokuk and Hamilton at opposite ends of the great dam get their current without stepping it up to the high voltage of the St. Louis transmission line.

Below the power house and between it and the Iowa shore is the new lock built by and entirely at the cost of the power company to become the property of the United States upon completion. It was put into commission June 12 and has the same width as the Panama locks and a lift one-third higher than any one lock on the isthmus, the width being 110 feet and the lift 40 feet. Its lower gates are a foot longer and three feet thicker than those at Panama, to enable them to withstand the higher head of water.

Between the lock and the Iowa shore is the dry dock which is not yet completed. It is one per cent smaller than the one in the Brooklyn navy yard and like the lock becomes the property of the United States when completed.

Along the Iowa side of the forebay is the sea wall of concrete, 50 to 70 feet high which protects the shore there and especially the railroad tracks, 14 miles of which were relocated and elevated for the Burlington road in order to get them above the higher water above the great dam.

The ice fender is a concrete bridge half a mile long extending from the power house to the adjacent Iowa shore which will, with the dam, hold the great ice floe on the river in the spring until it melts without breaking up and jamming on the dam. The lake above the dam on which the regatta of the Mississippi Valley Motor Boat association is held has an area of a hundred square miles and its water is kept at a constant level by the operation of gates in the dam. It has been formally named Lake Cooper in honor of Hugh L. Cooper, the chief engineer of the water power company.

MR. MORROW A BUSY MAN.
Mr. and Mrs. H. C. Morrow are spending Sunday in Jacksonville and will go from here to Chicago for a week's stay. The trip will be a sort of a vacation, as Mr. Morrow is not able to spend more time than that away from business. He is devoting part of his time to the direction of the affairs of the Whitehall Sewer Pipe company interests and to his duties as vice president of the Bankers Trust Co., of St. Louis. The Trust company own stock in 150 banks at various points throughout the country and has other extensive interests. Mr. Morrow's position carries with it the responsibility of developing the company's business and he is already making a very satisfactory showing in that regard.

DOMESTIC SCIENCE CLUB.
The social Domestic Science club met Friday afternoon at the residence of Mrs. Julius Rice with a large attendance. Among the guests were Mrs. Beck of Chicago, Ill., Mrs. Brittain of Kewanee, Ill., Mrs. Kelly and Mrs. Thomas and Misses Douglas of Quincy, Miss Williams of Columbus, Mo., and Mrs. George T. Shaw of the city. During the afternoon refreshments were served by Mrs. Rice who was assisted by Mrs. Jackson, Mrs. Brown, Mrs. Moor and Mrs. Rhodes. The club adjourned to meet the third Friday in September with Mrs. Mary Robinson.

AGE LIMIT MAY BAR CREIGHTON.
That Judge J. A. Creighton of the Sangamon county circuit court will be forced to relinquish claim to a prospective federal judgeship in Chicago, for which, it is said, he has been a leading candidate, seems probable from an edict just issued from Washington. This is to the effect that Attorney General McReynolds will adhere to his original plan of limiting the age of federal judges to 60 years. Judge Creighton is several years younger.

\$3.50 Kansas City and return via Wabash, Friday, August 29.

CAPTURE OF WASHINGTON.
Washington, Aug. 23.—It will be 99 years tomorrow since a British army under the command of General Ross, entered Washington, having defeated the 6,000 American soldiers on their way. Plans for an appropriate observance of the centennial anniversary next year are now being discussed.

ADDITIONAL SPORTS**SENSATIONAL FIELDING
WINS GAME FOR GEMS**

Quincy Defeats Bloomington By Score of 2 to 1—Other Three Eye Results.

Bloomington, Aug. 23.—Sensational fielding gave the leaders the long end of an exciting game here today by the score of 2 to 1.

Blenne, Bloomington's new southpaw made his debut today and pitched a great game.

Score:	Bloomington A.B.	R.	H.	P.	A.	E.

Summary.
Three base hits—Billings, Meyers. Stolen bases—Ward. Double plays—Hartford (unassisted); Ward to Golvin. Bases on balls—Off Blenne, 5; off Meyers, 3. Hit by pitched ball—Ward. Sacrifice hits—Blenne, Syfert, Kerwin, Golvin. Struck out—By Blenne, 6. Sacrifice fly—Turner. Time—1:40. Umpire—Sullivan.

Decatur, 7; Davenport, 5.
Decatur, Aug. 23.—After Decatur had apparently thrown away the game on careless fielding in the eighth they rallied pounding Couchman for six runs. Both teams played fast ball up to the seventh. The eighth was a ragged session all around.

Manager O'Leary featured the fray by attaching a spectator early in the game.

Score:	R.	H.	E.
Club.			
Decatur	100 000 06	7	11
Davenport	000 100 121	5	10

Batteries—Harper and O'Brien; Couchman and O'Leary.

Danville, 1; Peoria, 4.
Danville, Aug. 23.—Three hits, a walk and a base on balls counted four for the Distillers in the sixth.

Features of the game were Graham's hitting and the fast infield work of Peoria.

Club.	R.	H.	E.
Danville	100 000 000	1	8
Peoria	000 004 000	4	6

Batteries—Chapman and Elroff; Prendergast and Yelle.

Springfield, 8; Dubuque, 4.
Springfield, Ill., Aug. 23.—By an overwhelmingly score of 8 to 4 Springfield took the second game of the Dubuque series from the visitors. The locals secured a total of 13 singles from the Iowans, while the latter touched Schroder for 9. Jude of the visitors was the star hitter of the day getting a homer and a three bagger.

Franklin Makes a Kick.
Accuses Eagles' Manager of Handing Them a Double Cross.

Sporting Editor Journal:
Dear Sir—I write you this that yourself and friends of the Franklin ball team may know how we have been treated by the manager of the Eagles.

On the opening date at Nichols park, after our game Mr. McCollister asked for a return date—24th or 31st of August. I gave him my preference and he took August 24th for Franklin. Later I wrote the manager and asked for a Chautauqua date, but he gave me no satisfaction.

August 13th one of the Eagle players said that they wanted us there Chautauqua week. I said I knew nothing of it. August 20th, last Wednesday, I met Mr. McCollister, and he said that they wanted us. I told him that I thought it would be better for the Eagles to give us a Sunday date. That it would cost me more for players and would add more to our expense. Mr. McCollister made the remark: "We will be here Sunday and will arrange it then." I thought nothing more of it until

last night at 6 p. m. the manager called up and asked me if we were coming Wednesday. It took me quite by surprise. I said, Yes; if I agreed to I would. He just said in answer: "If you are not coming here Wednesday we will cancel our date there Sunday." This is taking undue advantage of us. The Eagles have been treated with the greatest respect here and it is a hard blow to our ball players. As I told Mr. McCollister, they are only scared and took this for an excuse, for they certainly would have got another feather plucked from their wings, which they well knew. They were booked here and never did have us booked, as they know. Respectfully,

J. B. Wright,
Manager Franklin Ball Team.

**GRAND CIRCUIT HORSES
RACE ON HEAVY TRACK**

All Events at Rockingham Park Are Won in Straight Heats on Slow Track.

Salem, N. H., Aug. 25.—The track at Rockingham park was heavy today and the Grand Circuit horses were compelled to race three lengths out from the pole. The sport was very ordinary. Results:
2:19 trot; purse, \$1,000.
Baring, br h, by Bingara (Cox) 1 1 1
Saranac 2 2 3
Gambola Moko 3 3 2
Best time—2:23½.
Foals of 1910, trot; purse \$1,000; 2 in 3; four starters.
Derby Worthy, bh, by Axworthy (Cox) 1 1
J. D. S. 2 2
George Read 4 3
Best time—2:11½.
2:14 pace; purse, \$1,000; 3 in 5; six starters.
Natalie, bm, by Kavak (Martin) 1 1 1
Billy H. 5 2 2
Harvey C. 2 6 5
Best time—2:14½.

Great Western Circuit.
Des Moines, Iowa, Aug. 23.—Mattie W., one of the promising entries in the 2:25 trot of the Great Western circuit races today stumbled in the back stretch during the fourth heat and was carried off the field with a broken leg and later shot. Results:
Three-year-old and under pace; \$800—Little Bernice, won; Clifford Holt, second; Helret Marie, third. Best time—2:14½.
2:25 trot; \$700—Charles R. Voorhees and Manor Girl tied for first; Samona, third. Best time—2:18½.
Team pace; \$800—Bill Barley Corn and Billy Murray, first; Nellie Bishop and Argot Wilkes, Charles C. and Symbol Patch tied for second.

DISTURBER III WINS AMERICAN MOTOR BOAT CHAMPIONSHIP
Winner Will Meet the Eastern Champion Ankle Deep at the International meet.

Chicago, Aug. 23.—Thirty thousand spectators today saw Disturber III, owned and piloted by Commodore James H. Pugh of Chicago win the American motor boat championship.

Disturber III did the fifteen laps over a distance of thirty miles in 42:47, while Baby Reliance of Canton, Ohio, was second in 43:02 2-5, or just 15 3-5 seconds behind the winner.

Pugh's victory was wildly cheered, for now his boat, elected among those to represent the United States at the international races in England, may cross the Atlantic with a fine triumph in her record.

American motor boat men will watch with intense interest the meeting of Disturber III and the eastern champion Ankle Deep at the international meet. Ankle Deep won her laurels in the St. Lawrence this season and was not entered here.

NEW HOTEL FOR HOOSIER CAPITAL.
Indianapolis, Ind., Aug. 23.—The Hotel Severin, built at a cost of \$1,000,000, was opened to guests today. The hotel is twelve stories in height and is located in the heart of the business section. An equipment and furnishings it is declared to be one of the finest in the country.

SALE OF FAMOUS OCEAN PIER.
Atlantic City, N. J., Aug. 23.—Famous as the oldest of the several piers here and valued at \$1,500,000 prior to the almost complete destruction by fire a year ago, the Ocean Pier was sold at auction today under foreclosure proceedings.

4:00—Scotch Series, No. 1, "Robert Burns", Dr. Walter Aitken.

7:00—Concert, The Royal Austro-Hungarian Orchestra.

8:15—Operatic Concert in Costume, The Chicago Grand Operatic Company.

A second day has been scored in the chautauqua enterprise and again the management have all reason for satisfaction. The attendance the first day was four times what it was a year ago and that of the second day was very gratifying. Everything is running more smoothly than before and by next year, if all goes according to appearances, there will be a regular tented city out there. As it is some fifty tents are now up and late yesterday afternoon two more were announced, thought the occupants will not be there till Tuesday.

The weather has been quite propitious and the dust somewhat settled by the rain of Thursday. A good rain would help out amazingly at present, but that is hardly expected. The program in the morning was really gratifying and a great compliment to the talented young performer who was on the list, Barry's "What Every Woman Knows" is always popular and when rendered with such ability as was the case yesterday the satisfaction given is great. Miss Hemenway certainly possesses rare talent and makes good use of it.

Too much praise cannot be bestowed on the Jeffries concert band. This talented organization is one of which Jacksonville has every reason to be proud. Mingling the vocal with the instrumental they furnish a bill which is varied and of superior merit. Their repertoire embraces all kinds of music from the classical to the kind common people enjoy so that every one listening to their work is delighted.

Bishop Quayle. Everyone was on hand and ready to enjoy the addresses of Bishop Quayle and none were disappointed. The reverend gentleman is much like the immortal John B. Gough, eloquent, humorous, pious, attractive, he is always in demand and always heard with pleasure. His address in the afternoon was on Julius Caesar and it was good as usual. No attempt at a report will be given, only a few scattering sentences.

"A woman likes to have her husband sick. She ties on her apron way down in front, takes the medicine to the patient and tells him he must take it and if he dies she is not going to be blamed for lack of attention at all."

We none of us laugh enough. Humor is the sure cure for dyspepsia. We are all too much in a hurry; too anxious for the dollar and too serious so that we lose a good part of the blessings of life.

"The woman has the garments most easily put on. How a man has to hunt for the sleeves when he puts on his coat and how he has to wiggle to get it on. It is no more than fair that he should have a garment that goes on more easily."

"How in the world do the women get along without pockets? How are they going to vote unless they have them? How are they going to stand around the corners unless they can put their hands in their pockets and look wise? Their garments would justify a dozen pockets and it is hard to see why they don't have them."

The three greatest speeches on record are the one by Steadfast in Bunyon's Pilgrim's Progress, Lincoln at Gettysburg and Marc Anton's oration over the dead body of Caesar was the mightiest production of the Roman empire; all the laws and greatness of the nation were largely due to him.

His address in the evening on the tragedy of Rip Van Winkle was another masterpiece and a great satisfaction.

Among the new tenters are W. H. Jordan and J. E. Pascal together, H. J. Rodgers, G. B. Andre and others. The tent of the Morgan County Poultry association is going up and will be a large and fine one.

The D. O. K.'s and the two lodges of Knights of Pythias have outdone themselves. They keep open house to all with drinking water and supply free of charge fans with the full program on one side and a greeting on the other.

The street car service is excellent and gives good satisfaction. Manager Miser is to be congratulated on the manner in which he is handling the business thus far and he will no doubt continue the good work to the end of the gathering.

John Cherry is running two carryalls from the entrance of the park to the chautauqua grounds for 5 cents the round trip. A double ticket is given and one half of it is good for a ride in either direction and the remaining half is honored at any time. The drivers reported a good business yesterday and as people understand it the business will doubtless increase materially.

The campers are having such a good time that some of them actually forget to go to bed and the Journal is requested to state that the chautauqua management will be thankful if all campers will retire and put out their lights not later than 11.

The policemen are giving good satisfaction. Good order is being maintained and no one need be afraid to trust themselves on the grounds at all times. Four extra men are on duty from 6 to 12 p. m., so that everything is carefully guarded.

More electric lights were installed yesterday so that now the camp ground is ablaze with light and presents a fine appearance at night.

The Journal reporter heard a number of compliments on the good work done at the refreshment tent of the Central Christian church. The food is praised and all that pertains to it is satisfactory.

A rather irreverent gentleman remarked that the great attendance of Methodist preachers yesterday at the request of district superintendent McCarty was somewhat significant that the gentlemen were in haste to obey their superior officer considering the nearness of conference when their stations are to be named.

On the south side automobile drivers are requested to take the east road to avoid confusion.

Two large tanks of free ice water are quite satisfactory and are well patronized. Yesterday morning Mr. Knollenberg was called from his bed at five in the morning by a gentleman from Woodson who wanted him to have some season tickets for him at the store Sunday morning and at six another called up from Orleans with the same request.

The child welfare exhibit was well patronized yesterday and many ladies availed themselves of the privilege of getting valuable instruction. The Thomas A. Edison company through the Mrs. Russell Sage foundation, has loaned the managers of the child welfare exhibit some fine films on the care of babies and as there are no facilities for showing them at the grounds they were used at Scott's hippodrome last evening and will be used again Monday evening. They are fine and very instructive.

Mrs. Bird Strawn King of Springfield has a fine exhibit of art needle work in the west end of the large pavilion. A good many ladies viewed the exhibition yesterday and were much pleased.

The Illinois college tent is up on Main street and Dean Cochran is in charge. It is the intention to have much there that will pertain to this grand old institution and all will have an opportunity to become better acquainted with it.

Mr. and Mrs. J. F. Brown are in charge of the Passavant hospital tent and will welcome all who are interested in the welfare of the sick and suffering. It is near the northeast corner of the large tent.

The Jacksonville Farmers' Supply Co. has a large tent up and a fine exhibition of goods in their line.

The visitors to the grounds are requested to call at headquarters tent near the entrance to the large one and register their names. The large audience yesterday afternoon was a fine compliment to Bishop Quayle. The number was remarkably large for Saturday, the great tent being almost full and the audience was enthusiastic.

A large locomotive bell will be hung today so that the beginning of exercises can be announced in the hearing of all.

Some impressive figures are displayed in the room devoted to the child welfare exhibit. There is a statement of the number of deaths per thousand in a year of babies under a year of age. Some of the figures are: Chili, 326; European Russia, 263; Austria, 222; Germany, 197; Spain, 170; Japan, 153; United States, 149.4; Switzerland, 138; Norway, 86; New Zealand, 79. In all civilized countries of the world, 3,243,958 each year, or one each ten seconds of the day and night.

Tom Buckthorpe and his mother are among the day time residents of the colony, their tent being on Third street.

NEW FALL GOODS

At MONTGOMERY & DEPPE'S

Of special interest is a sample line of the highest grade silk and crepe dresses, dresses that in our regular line would be \$32 and \$35—in our south window this week at **\$17.50**

MORITARY

Jacobs.

Lloyd Jacobs, aged 39 years, died at 8 o'clock Saturday morning at the Jacksonville State hospital. His brother John Jacobs and brother-in-law Henry Gilbert came to the city yesterday to accompany the remains over the Wabash to Chatham, Ill., where burial will be made. The body was taken care of by John H. O'Donnell.

Walter.

Mrs. Theresa Walter, wife of Xavier Walter died from paralysis at the family residence, 356 East Court street, this morning at 12:10. Her death was very sudden, the fatal paralytic stroke affecting her at 9:40 Saturday evening. She did not regain consciousness.

Mrs. Walter is survived by her husband and three children, all of this city. Her daughters, Mrs. Ida Kitzner and Miss Emma Walter and son, Charles P., reside also at 356 East Court. Mrs. Walter has a large number of friends to whom the news of her sudden passing will come as an unpleasant surprise.

The arrangements for the funeral as well as a more extended sketch of her life will appear later.

WILL ATTEND SCHOOL IN NORTH CAROLINA.

George Tandy expects to leave the city about the first of September to matriculate in the North Carolina university at Chapel Hill, N. C. Mr. Tandy is one of the best all round athletes in central Illinois having won honors in the high school and at Illinois college and he expects to do some star work in football, basketball and in track athletics. Mr. Trenchard, the coach of the school, is from Princeton university. Football practice will start the first week in September and Mr. Tandy expects to be there in time to get into the harness.

The university is one of the oldest in the United States being founded in 1790 and has graduated many men prominent in national affairs. Mr. Tandy won a scholarship in the school because of his records in basketball and football. His intentions are to go there one year, afterwards enter John Hopkins university, where he will complete a course in medicine.

OUR EARLY PURCHASES OF NEW FALL READY TO WEAR GARMENTS AND MILLINERY ARE NOW ON SALE. J. HERMAN.

CARRIAGE SERVICE.
We have started a carriage service for the convenience of chautauqua patrons and the fare from the park entrance to the chautauqua grounds and return will be five cents. The carriage service will be maintained during the greater part of the afternoon and evenings the purpose being to connect with those cars which carry patrons for special program events.

CHERRY'S LIVERY

MATRIMONIAL

Seal-Leighton.

The marriage of Miss Dorothea Leighton, only daughter of C. M. Leighton and Mr. Jesse Seal, both young people of Manchester, was solemnized recently in Winchester. The groom is a farmer and both young people come from highly respected families.

WELL ATTENDED ROAD MEETING HELD AT CONCORD.

A. L. French and J. W. Clary Speak on Tice Law and Discuss Local Organization.

A number of new members were taken in Saturday evening to the Jacksonville-Meredosia good roads association at the meeting of that organization at Concord. The citizens met in the M. P. church yard to listen to addresses by Arthur L. French and John W. Clary of this city. Much enthusiasm was shown and a large per cent of the interested land holders were in attendance. The purpose of the association and what the Jacksonville-Meredosia good roads association is doing for the cause of good roads at the present time was explained by John W. Clary. Mr. French explained the Tice road law and the means of securing state aid.

The meeting last night at Concord was one of series of enthusiastic gatherings held lately in Morgan, Scott and Pike counties. The supervisors of the latter county a few days ago passed resolutions favoring immediate action by the supervisors of Sangamon and Morgan counties, favoring the Springfield-Jacksonville road. F. J. Heil, chairman of the department of rural affairs of the Chamber of Commerce, has received official notification of the action of the Pike county officers, as well as numerous verbal expression of the same opinion from many other localities. The interest shown by the more remote communities in the consummation of the Jacksonville road project should unite the citizens of the interested cities to quick and effective action.

DO YOU WANT TO SAVE?

Call at the Elliott State Bank, and get free of charge a pocket coin container. Carry it with you all the time and save at least one coin every day. Register the amount saved, and before you know it you will have money in the bank.

SCHOOL BOOKS.

Sell your old school books to the Bargain Book Store.

THE TEMPERATURES.

The temperatures for Saturday, according to G. H. Hall, weather observer at Alexander, were maximum 84 and minimum 53.

AUTO PASSENGERS CAME NEAR TO DEATH

(Continued from page four)

the great crowd. A buggy was in front of me and there seemed to be plenty of room to pass. Just as I drew slowly past this vehicle I found myself on the railroad tracks and my engine dead. I jumped out and succeeded in cranking the machine just after another fellow had failed and then for the first time I saw the oncoming locomotive. I jumped to the side of the car and almost dragged the children out for I realized that I did not have time to start the car. Some bystanders tried to push from behind as my family and guests were tumbling out, but there was not time enough to avoid the accident and I knew that the car was doomed. The train was traveling at a very high rate of speed and if the engine whistled before it was within 300 yards of that crossing I failed to hear it and from the manner in which people were crossing the tracks I do not believe others heard it. J. A. Elliott and others on the train told me tonight that they felt the shock when the train and auto came together and there was speculation as to what had happened. It was a most fortunate escape for all and you can well believe that I am feeling somewhat nervous and that we are all devoutly thankful that we are unhurt.

Bystanders last night said that they had realized that the crossing so near the park entrance was dangerous, but that they had never before fully realized how great are the possibilities for accidents there. The management of the chautauqua, as soon as news of the accident was confirmed, decided to station a flagman at the crossing, so that the public will have the services of three men there to warn them of approaching trains. The Alton will also be asked to have trains cross at slow speed during the chautauqua.

FARWELL & RHINES' Gluten Flour

Permit a few words of explanation and precaution for our mutual advantage.

The pure food laws of the United States and of individual states demand that flour called "Gluten Flour" for the use of diabetics, and others, shall contain at least 5.6 per cent of nitrogen; this factor multiplied by the factor 6.25 (in use by Analysis) shows the amount of protein or gluten required, to be 35 per cent. Both the physician and his diabetic patient have a right to expect and insist that such a product be furnished. Substitution, carelessness or deception in this matter are dangerous.

Our "Gluten Flour" of superior stock, granulation and manufacture, is made especially for such cases, and contains about 40 per cent of gluten or protein. It is not excelled, if equalled in America or Europe, as diet in marked cases of diabetes mellitus, obesity, rheumatism and other ills arising from excess of uric acid.
